

***Survey: Addictions to the Internet  
-the results***

# Time spent on Internet a day

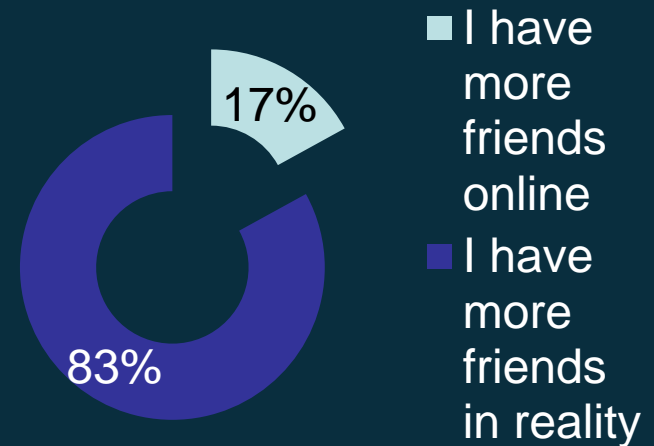

# You and the Internet

– Can you imagine life without the Internet?

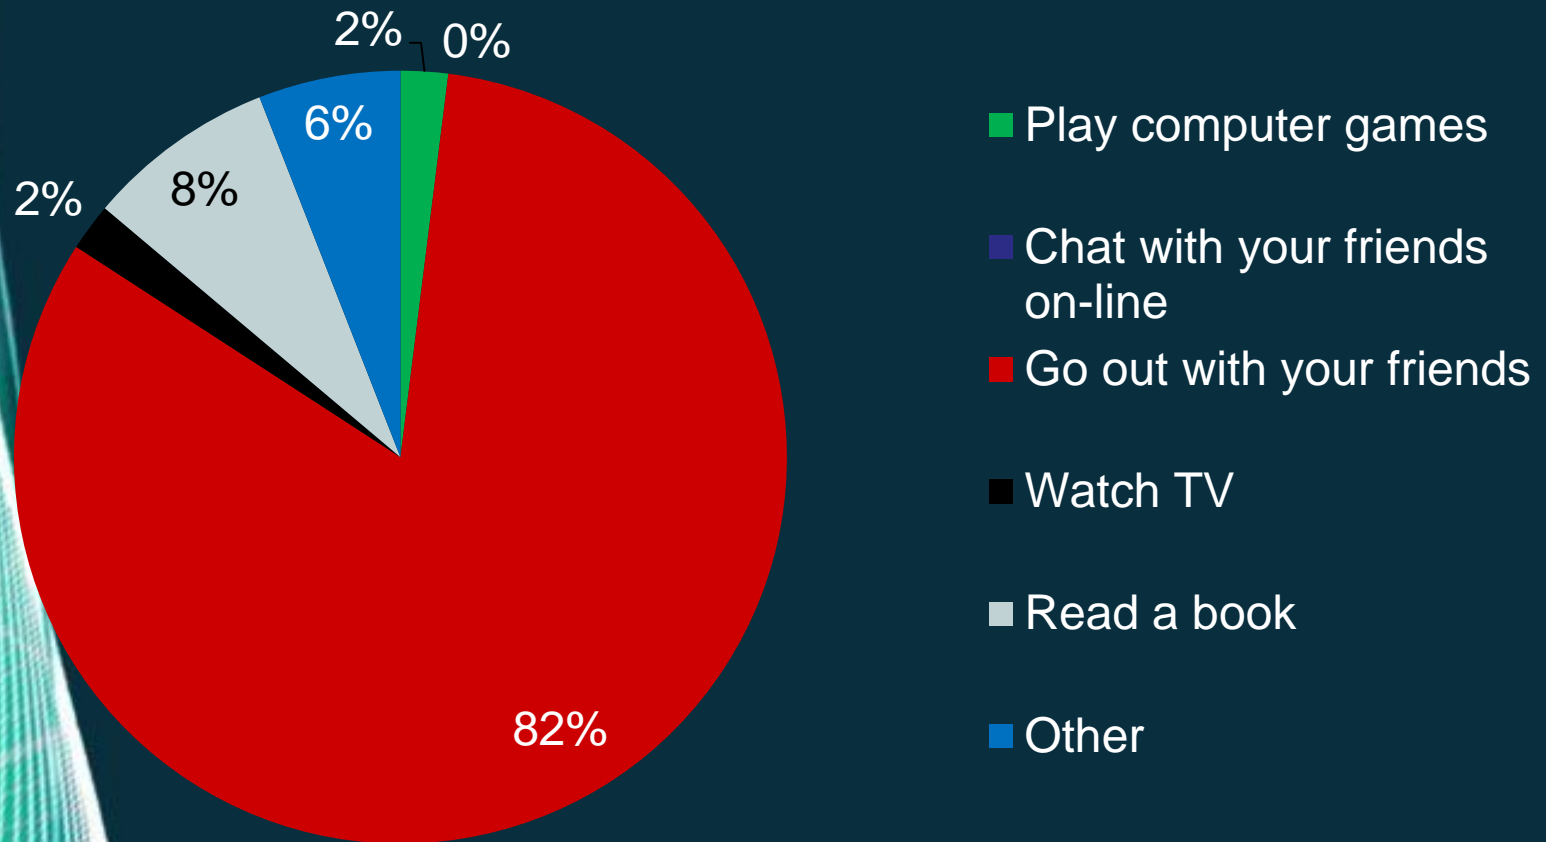

– Which of these options apply to you?

# What would you rather do in your free time?

# Priorities in everyday life:

# Do you think spending a lot of time on the Internet has an impact on your personality?

Do you think that staying in front of your computer is better than meeting your friends?

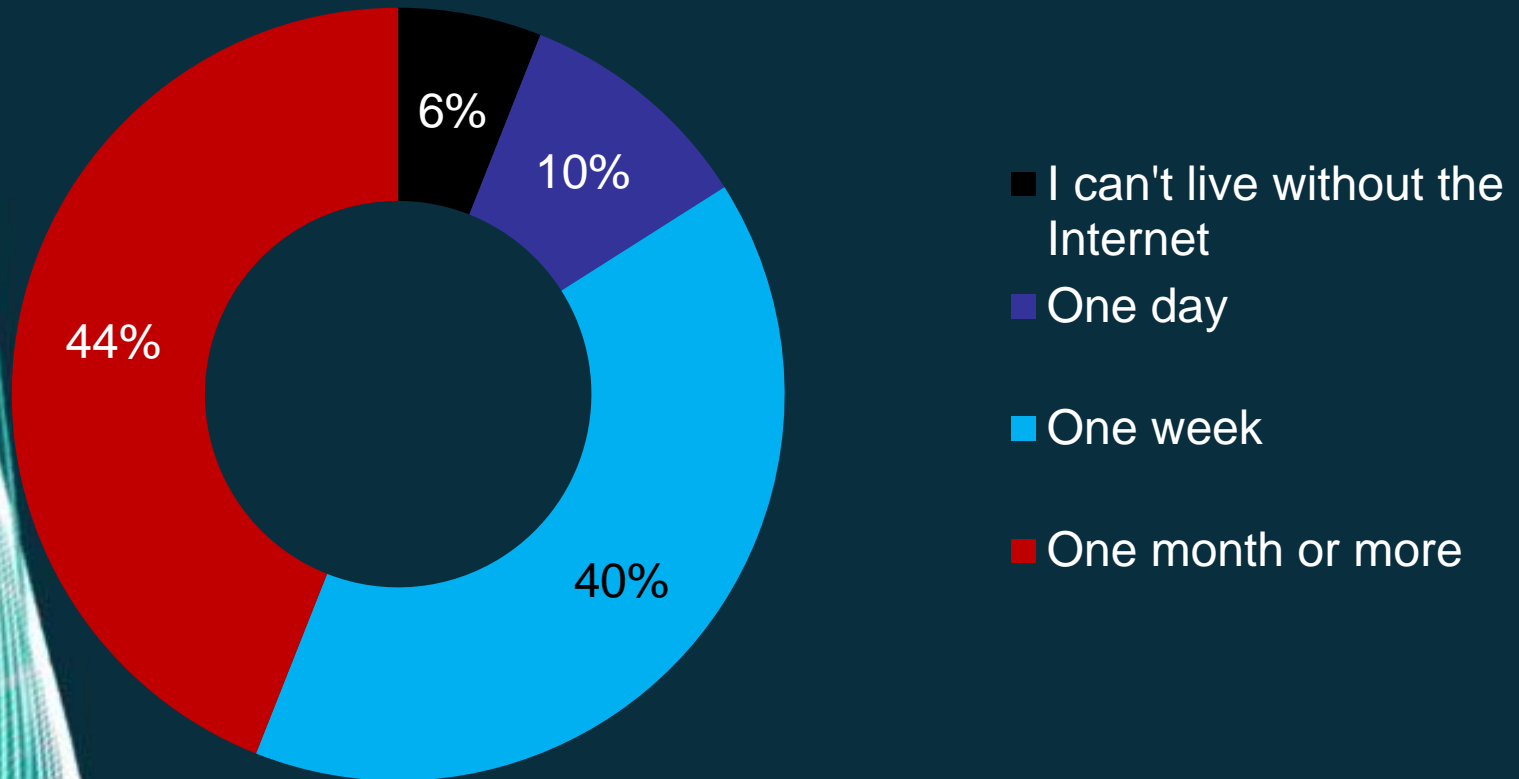

# When you're miserable, do you..

- Write about it on Facebook
- Write about it on your blog
- Tell your friends or family about it
- Do nothing

# How long do you think you may live without the Internet?

# Do you think you're addicted to the Internet?

# Conclusion

- The results of this survey are positive and mostly according to the general opinion
- On a subjective side, it is great to see that the teenagers in our school still prefer reality over on-line socialising.
